INSTRUCTIONS FOR MAIL BIDDERS

If you have never before bid by mail, you may feel somewhat at a loss in submitting a mail bid for an auction sale. Basically, however, the procedure is quite simple. You will notice on the enclosed Bid Sheet a place for entering the Lot Number as well as the amount you wish to bid. (It is not necessary to describe the Lot on which you are bidding). After carefully reading the description of the Lot in question, simply write down the Lot Number and the maximum amount you are willing to pay in the appropriate columns. For example, let's assume you are interested in bidding on Lot No. 193. Determine the maximum price you will pay for this Lot, and enter this amount on the Bid Sheet as follows:

NO.	BID
193	95 00

You will note we have used the term "maximum amount" above. The bid which you enter is the "maximum amount" or top price you will pay for a lot. However, there is always the chance you may obtain the lot for less! As indicated in our "Terms of Sale," we act as your agent and execute your bids as if you were there in person at the Sale. We will buy the Lot for you as cheaply as possible over the next highest bid. In other words, if your bid, for example, is $95.00 on Lot No. 193 and the next highest bid, whether by mail or floor, is only $75.00, the Lot would be awarded to you at $80.00 -- or a nominal 5% to 10% increase over the next highest bid.

Before entering your bids, please read very carefully our "TERMS OF SALE." And if you have any questions regarding bidding or regarding the Sale itself, drop us a line and we will reply at once. Bidding by mail permits the individual to participate in the auction sale just as though he were able to attend the Sale in person. Many bargains are obtained through the medium of auction sales, and it can be a very exciting as well as rewarding method of obtaining needed items for your collection. We look forward to your participation in this as well as future Sales.

Quantitative Grading

You will notice as you leaf through this catalog that we are now using the QUANTITATIVE GRADING method of describing most of the lots in this Sale. This is to help you, the bidder, to know more precisely the condition of a coin. It works like this: If a consigned coin just meets the minimum requirements to qualify, for example, Very Fine by Brown & Dunn standards, that coin will be listed as VF-20. If the coin is better than minimum, it would be listed as VF-25. If it is what normally would be listed as Very Fine to Extremely Fine, the coin would be designated as VF-30. The following numbering system is employed in this scale:

Very Fair.....	3	Very Fine.....	20-30
Good.....	4-6	Ext. Fine.....	40-45
Very Good.....	7-10	About Unc.....	50-55
Fine.....	12-15	Uncirculated.....	60-70

We believe this grading system will be beneficial to you, and your reaction and comments would be appreciated.

9 coins, including 4 Gandhi memorials

FIRST PROOFS. India is issuing proof sets of its regular coinage for the first time since minting in India began before 300 B.C. **FIRST OF SERIES.** These sets will be the first in a series of annual proofs to be made at the Bombay Mint in numbers limited to advance requests. **FIRST GANDHI COMMEMORATIVES.** Four coins of the nine in this year's proof set (1969) will mark the 100th birthday of Mahatma Ganhi, world respected Indian apostle of peace and non-violence. These will *not* be in subsequent annual issues. **FIRST 10 RUPEE PIECE.** One of the Gandhi commemoratives will be the first 10 rupee piece since Indian Independence. **FIRST REPUBLIC CROWN.** The 10 rupee piece will be the first crown coin issued since India became a Republic in 1947. **FIRST SILVER COIN.** The 10 rupee piece will be the first Indian silver coin since Independence. Twelve grams of its 15 will be silver.

Each set will be mint sealed in a handsome wallet bearing the national seal, with clear plastic pages inside permitting visibility of both sides of the coins simultaneously with full particulars of each coin.
